

ALLERGEN GUIDE

This guide covers the "Big 9" recognized food allergens, as well as gluten sensitivity. Some items marked with gluten are due to potential cross-contamination with surfaces/fryers and are designated to avoid cross-contamination sensitivities.

Please inform your server of any allergies. For specialty items (i.e. monthly specials), please ask your server for additional information. If your specific allergy is unlisted, please ask your server.

X = item contains allergen
CC = item has cross-contamination risk from shared surfaces/fryers
